

FLESSPRAY

High Quality Spray Coat

General Properties:

- **FLESSPRAY** is ready mix emulsion paint, formulated to be applied by air spray machine, it has a please uniform rough texture coat.
- Excellent adhesion.
- Can be applied directly over smooth render, concrete, without pasting the substrate.
- Has the breathing property.
- Has high hiding power even in one coat.
- Helps to a great extend to absorb & break down sound waves.
- Resists severe weathering.

Uses:

- Mainly exterior paints.
- Staircases and Halls.
- Theaters & Cinemas.
- Decorative purposes.
- Can be applied on all kinds of renders, plasters, asbestos, stone, wood, brick, cement substrata, fair faces concrete.

Application:

١. Be sure that substrate is clean & free from any foreign materials.
٢. If the surface needs repairing (recommended **CRETÉREP ٣٠**) especially in facades.
٣. Mix the **FLESSPRAY** in container well before application.
٤. **FLESSPRAY** can be thinned with water if necessary.
٥. An air pressure-spraying machine is the suitable one for application.
٦. Clean tools immediately after application using water.

Note: The temperature of substrate should not exceed ٣٠ °C during application & it is recommended to damp the surface using water, especially in summer.

The above product can be modified to be fungicide & biocide according to client's requirement. The brand name of any product shall be marked with letter "F" i.e. (**FLESSPRAY F**).

Technical Data:

| | |
|------------------------|--|
| Binder | : Synthetic resins. |
| U.V. Resistance | : Non-yellowing. |
| Consumption | : ١.٥ kg/m ² depend on the roughness of the surface. |
| Anti Fungus | : Fungicide. |
| Dilution | : Water if necessary. |
| Environment | : Friendly. |
| Shelf Life | : ١٢ months in closed containers away from sun light, heat and humidity. |

Environment: - Boots, rubber gloves, dust masks, and safety goggles.
- Refer to MATERIAL SAFETY DATA SHEETS (MSDS)
